Date

We completed our work on 31 October 2025. This is the date on which we give our opinion on the audited information and our report on the disclosure requirements.

Basis for our opinion on the audited information and the disclosure requirements

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the Professional and Ethical Standards, the International Standards on Auditing (New Zealand), and New Zealand Auditing Standard 1 (Revised): The Audit of Service Performance Information issued by the New Zealand Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the Responsibilities of the auditor for the audited information and the disclosure requirements section of our report.

We have fulfilled our responsibilities in accordance with the Auditor-General's Auditing Standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the audited information and our report on the disclosure requirements.

Responsibilities of the Council for the audited information and the disclosure requirements

The Council is responsible for preparing the audited information and the disclosure requirements in accordance with the Act.

The Council is responsible for such internal control as it determines is necessary to enable it to prepare the audited information and the disclosure requirements that are free from misstatement, whether due to fraud or error.

In preparing the audited information and the disclosure requirements the Council is responsible for assessing its ability to continue as a going concern.

Responsibilities of the auditor for the audited information and the disclosure requirements

Responsibilities for the audited information

Our objectives are to obtain reasonable assurance about whether the audited information, as a whole, is free from material misstatement, whether due to fraud or error, and to issue a report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit carried out in accordance with the Auditor-General's Auditing Standards will always detect a material misstatement when it exists. Misstatements are differences or omissions of amounts or disclosures, and can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of readers taken on the basis of this audited information.

For the budget information reported in the audited information, our procedures were limited to checking that the budget information agreed to the Council's long-term plan.

We did not evaluate the security and controls over the electronic publication of the audited information.

As part of an audit in accordance with the Auditor-General's Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. Also:

- We identify and assess the risks of material misstatement of the audited information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.
- We evaluate whether the activity statements includes all groups of activities that we consider are likely to be material to the readers of the annual report.
- We evaluate whether the measures selected and included in the activity statements for groups of activities present an appropriate and meaningful basis that will enable readers to assess the Council's actual performance. We make our evaluation by reference to generally accepted accounting practice in New Zealand.
- We conclude on the appropriateness of the use of the going concern basis of accounting by the Group.
- We evaluate the overall presentation, structure and content of the audited information, including the disclosures, and whether the audited information represents, where applicable, the underlying transactions and events in a manner that achieves fair presentation.
- We plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the Group audited information. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Responsibilities for the disclosure requirements

Our objective is to provide reasonable assurance about whether the Council has complied with the disclosure requirements. To assess whether the Council has met the disclosure requirements we undertake work to confirm that:

- the Council has made all of the disclosures required by Part 3 of Schedule 10 to the Act and Part 2 of the Regulations; and
- the disclosures required by Part 2 of the Regulations accurately reflect information drawn from the Group's audited information and, where applicable, the Council's long-term plan and annual plans.

Our responsibilities for the audited information and for the disclosure requirements arise from the Public Audit Act 2001.

Other Information

The Council is responsible for the other information included in the annual report. The other information comprises all the information included in the annual report other than the audited information and the disclosure requirements, and our auditor's report thereon.

Our opinion on the audited information and our report on the disclosure requirements do not cover the other information and we do not express any form of audit opinion or assurance conclusion thereon.

In connection with our audit of the audited information and our report on the disclosure requirements, our responsibility is to read the other information. In doing so, we consider whether the other information is materially inconsistent with the audited information and the disclosure requirements, or our knowledge obtained during our work, or otherwise appears to be materially misstated. If, based on our work, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independence

We are independent of the Group in accordance with the Auditor-General's Auditing Standards, which incorporate the independence requirements of Professional and Ethical Standard 1: International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board.

In addition to the audit and our report on the disclosure requirements, we have carried out a limited assurance engagement related to the Council's debenture trust deed, which is compatible with the independence requirements.

Other than these engagements, we have no relationship with, or interests in, the Group.
