## Welcome – Haere mai

Welcome to the first edition of *State of the Arts – South Taranaki Arts Bulletin*. Early this year I completed a survey of the South Taranaki art community, including artists and art groups. From the evaluation of feedback and comments, a common need was identified for a regular publication to keep people informed of what was happening throughout the district.

*State of the Arts* aims to be a source of information of art news, opportunities, exhibitions, and events. Recent trends suggest e-newsletters are an effective way of communicating information, however, for those who prefer paper and ink, printed copies will be available at local galleries, libraries or can be sent to you by post if requested. Please keep me informed of any listings you would like included. *State of the Arts* includes visual, performing, cultural, and literary art forms, all of which are widely represented throughout our district.

I look forward to strengthening the links between us all by sharing our projects, achievements, ideas, aspirations, and plans for the future. The aim is to increase participation, networking opportunities, support and a sense of belonging within our thriving arts community.

Warm regards,

*Michaela*

Do you have a project in mind that will get people involved in the arts or strengthen your local arts sector?
