

South Taranaki District Council  
Te Hāwera Community Board  
Electing 4 Board Members

---

**Nikki WATSON**

My principal place of residence is in the Te Hāwera Community Board area.

I seek your vote to be re-elected for a second term.

The board is a collaborative role that financially supports community needs. To confabulate and implement the less obvious and sometimes quirky gives me great satisfaction.

I am an enthusiastic and approachable mother of three who is positive about our unique, diverse and local place. I will advocate for more activities for our youth along with town regeneration ideas.

I work at Bizlink Hāwera, implementing town vibrancy projects, events and promotions and do my best to keep the momentum elevated within the business community. Fresh town developments are near fruition. We are on the cusp of a new look and an exciting future.

My attitude to life is reflected in a quote by Mary Mackillop "Never see a need, without doing something about it."
