For the first time in 23 years, the Scale Ship Regatta won't be setting sail over Labour Weekend – it will now be taking place at King Edward Park's boating lake in Hāwera the following weekend on Saturday 2 and Sunday 3 November.

"Due to conflicting events we have had to change the date and push it back a week," says Council's Tourism Team Leader Tarin Hunt. "But what this means it falls during the Taranaki Garden Festival, so we are hoping to see a lot of new people checking out the boats at the lake."

Model boats, warships, tugboats and racing yachts of all types and sizes will sail the waters from the lake edge by remote control units over the two days.

As well as the boats on Saturday 2 November, there will be a coffee cart and extra activities for the kids.

"This is a good opportunity to get the family into the award winning King Edward Park which is looking its best," says Tarin. "So make the most of it and bring along a picnic to enjoy while watching the boats and go for a stroll through the gardens."

As well as the model ships, on Sunday 3 November, The Friends of the Hāwera Parks are holding a Garden Party. Although the event is sold out, take a stroll around the Park while it is bustling with people and soak in the atmosphere.

Leak Detection Work (PĀTEA, MANAIA, KAPONGA AND RAHOTU)

If you see some people in high-vis vests, walking the streets of Pātea, Manaia, Kaponga and Rahotu with what appears to be a listening device, don't panic - Council contractors are checking for water leaks in the water reticulation network. This leak detection work will take about two weeks and covers around 100 km of water pipe. It's all part of the Council's programme to improve our water infrastructure by identifying, then repairing leaks in the system. The Contractors carry full ID and all the vehicles are sign written and fitted with flashing beacons. If you have any questions about this work just call the Council on 0800 111 323 and ask to speak to Taimur.
